THE FISH THE ONCE FAVORED ISLANDS WANT A COUNTY ACT

GOVERNOR CARTER SAYS IT DESTROYS MOSQUITOES AND ASKS THE LEGISLATURE TO GET IT.

SENATOR WOODS OBJECTS TO THE ATTITUDE TAKEN IN "GOLD BRICK" INTERVIEW.

A message from Governor Carter, concerning the proposal to import from Mexico a fish which destroys mosquito larvae, was received by the House of Representatives this morning. It ran thus:

"To the Legislature of the Territory of Hawaii.

"Herewith, I transmit for your consideration a copy of a letter of March 21st, containing a proposal made by Doctor David Starr Jordan, of Stanford University, to provide an expert, with the necessary apparatus, to undertake the importation into these islands of a certain small and voracious fish found in Mexico that feeds on the larvae of the mosquito, provided the Territory simply pays the expense of such an undertaking.

"You are aware that the only fish we have at present exclusively occupying our fresh waters is a species of mud fish, commonly known as the oopu, and the gold fish. You are also aware that there is known to exist here the species of mosquito which carries the germs of yellow fever, which, fortunately for us, has not as yet been introduced, but with the completion of the Panama Canal, it will only be a question of time before cases of this or some other disease will reach this port. Every interest in the Territory would be advanced if this mosquito could in some way be entirely eradicated, or at least reduced to the smallest possible number.

"G. R. CARTER, Governor."

The following letter was enclosed:

"Honolulu, Hawaii, Mar. 21, 1905.

"Hon. George R. Carter, Governor of the Territory of Hawaii, Honolulu: "Sir:—Dr. David Starr Jordan, of Stanford University, having offered to send an expert of that institution to collect for these islands certain fish of the Southern States and Mexico, at present entirely unrepresented here, that feed upon the larvae of mosquitoes, providing this Territory pay the expense of such trip, the undersigned, at your request, begs to say that for the expense of such a trip a sum of not less than \$1500 should be provided. We suggest that, if appropriated for the above purpose, this sum, or as much thereof as is necessary, be spent under the direction of the Board of Health, since the President of that Department of the Government is the chairman of the Citizens' mosquito committee.

"Very respectfully yours,

(Signed) "CHAS. E. COOPER, M.D., Chairman Legislative Committee."

(Signed) "D. L. VAN DINE, Chairman Advisory Committee."

"Representing the Citizens' Mosquito Committee of Honolulu."

"On a point of information, I should like to know if this new fish from Mexico will destroy mongoose eggs?" asked Greenwell who is always athirst for knowledge.

It was explained to the honorable member that the mongoose is not really a goose at all and that it does not lay eggs.

"Anyway," said Coelho, who knows all about poultry, "geese do not lay their eggs in the water."

"That's so," said Greenwell, "it's too bad."

The letters were referred to the Health Committee.

Senate Bill No. 3, The Loan Appropriation bill, came down from the Senate, was read a first time by title and was passed on to the Printing Committee.

Senate Bill No. 5, which was considered in Committee yesterday, was reported to the House and was formally passed through second reading, House Bill No. 5, an identical bill, was therefore tabled.

Coelho introduced a joint resolution to authorize the Superintendent of Pub-

The "Ione Democrat" of the Senate was moved to vigorous speech by Governor Carter's interview in yesterday's Star, in which the governor referred to the County Act as a gold brick, and said he didn't believe in the kind of county government it called for. The interview, in fact, aroused much comment all over the city and was greatly discussed.

"I remember when Governor Carter was on Hawaii making his tour," said Senator Palmer Woods, "that he spoke in very different style about county government. During that tour the governor stood before his audiences and declared in most emphatic terms his intention to work for a county government system. The people were promised a county act. Now when one is passed the governor calls it a gold brick and says he does not believe in it."

A CONFERENCE ON UNPAID BILLS

SENATE REFUSES TO CONSIDER HOUSE AMENDMENTS AND BILLS GOES TO CONFERENCE.

A message from the Governor was the first thing heard by the Senate after opening routine this morning. It referred to a suggestion of Dr. David Starr Jordan that mosquito killing fish might be imported from Mexico, and appeared elsewhere. The message was referred to the Ways and Means committee.

The House returned Senate bill 5 as having passed third reading in that body with certain amendments which were set forth in detail.

Dickey moved the Senate do not concur, Dowsett that it do. Non-concurrence carried with 11 votes.

On motion of Dowsett the bill was referred to a conference committee, named by the president as McCandless, Dickey and Kalama.

Dowsett said the Ways and Means committee was ardently engaged on the two bills in its hands, but would be unable to report that day.

McCandless presented a report from the Public Lands committee.

"Your committee on Public Lands, Internal Improvements, agriculture, etc., to which was referred Senate resolution No. 4, beg leave to report.

"The object of the resolution is to provide for an appropriation of \$10,000 for the purchase of the wharf at Kaula-kaka.

"Your committee find that there is being collected from the residents of that section of the island of Molokai two hundred dollars (\$200) toll for the landing of freight.

"We do not believe that such a condition should exist and that the Territory should own all wharves, but believe that the amount asked for is too high and would recommend that the item be inserted in the Loan bill at \$5,000 which should include the wharf and approaches and a right of way of twenty feet wide to the Government road.

"With these amendments your committee recommends that the item be inserted."

GOVERNOR'S APPOINTMENTS.

The Senate took up the appointments of the governor communicated by message yesterday. There was a contest only on the name of Dr. Judd for the Board of Health.

Dowsett asked if he had not already been appointed a member of the Board of Medical Examiners and moved he be not confirmed.

On a standing vote there was a tie vote of 6 to 6. President Isenberg asked Kalama to vote. "I vote to confirm" the Senator from Kauai responded. "So does the president, and that is eight votes" came from the chair.

Mark P. Robinson and F. C. Smith, members of Board of Health, and Dr. M. E. Grossman, member of board of dental examiners, were confirmed with out opposition.

Dickey presented the following report from the Judiciary committee:

"Your Judiciary committee to which was referred Senate Resolution No. 6 begs leave to report.

"Your committee is of the opinion that the County Law will stand the test of the courts but cannot say that it will positively do so. Should the law be decided to be unconstitutional it would require a special session of the Legislature to make appropriations unless we do something to prevent it before the close of this session.

"We therefore think that it is the part of good judgment to appropriate money which can be used by the territory to carry out the work which we have, by the county act arranged to be done by the several counties, not however to be available save in the case of an adverse decision by the courts on the county act.

"We have therefore prepared a bill appropriating sums to be expended only on that event which we present herewith. The items are based on the appropriations made at the special session of 1904 with some slight changes.

"We recommend that the resolution be laid on the table and that the bill be passed."

Bishop moved that the bill be referred to the Ways and Means Committee, so that its items might be compared with those in other bills.

Paris opposed consideration of the bill. "Let the County Act stand on its own feet," he urged.

The first reading of the bill, to send it to committee, carried, but immediately reconsidered by a vote of 6 to 5.

Dickey at once moved to refer the report and bill to the Ways and Means Committee.

After remarks by Dowsett against the bill as untimely and by McCandless in favor of it as precautionary, Kalama moved its indefinite postponement.

Lane reminded supporters of the bill that when he moved a resolution, at the close of the regular session, to ask Congress for a county law in case the Territorial County Act were found null and void, they opposed it on the ground that it made the legislature appear as having no confidence in its own work.

Achi made a long speech to show that he did not know what the three members of the Supreme Court would do with the County Act and therefore precautions should be taken against a knockout decision.

Bishop approved of reference to the committee, holding it was no indication of bad faith.

Paris said it might be all right, but it looked strange to pass one appropriation bill and then right on top of it bring in another appropriation bill covering its possible defects. The lawyers had prepared a bill, which was passed, to cure all the defects in the County Act, and still they were in doubt.

Hewitt, interrupting Achi in another speech, asked if County government

TWO DECISIONS THIS MORNING

FIRST CIRCUIT COURT SUSTAINED IN ONE CASE AND REVERSED IN ANOTHER.

Two decisions, one sustaining and the other reversing the First Circuit Court, were handed down by the Supreme Court this morning. In the case of the First National Bank against J. S. Gaines, J. M. McCleskey and Alice McCleskey, the lower court is reversed. The suit was an ejectment suit, in which the Circuit Court directed a verdict for the plaintiff. The Supreme Court, in a decision by Justice Hartwell, holds that this was error, the syllabus saying:

"An assignment of a leasehold may be made by husband to wife, being in the nature of a gift, and not a contract within the purview of the statute, section 2251, Rev. Laws, precluding contracts between husband and wife. The Married Women's Act of 1888, Sec. 2251, Rev. Laws, has the effect of destroying the common law fiction of the unity of husband and wife. The failure to record the assignment does not invalidate it as against subsequent creditors."

Smith & Lewis appeared for plaintiffs and J. W. Cathcart for defendant.

In the case of Wong Hoon Kan vs. Lai Yan, the lower court is sustained in a verdict of \$300 damages for malicious prosecution. The appeal was against rulings during the trial. M. F. Fortado appeared for plaintiff and A. S. Humphreys for defendant.

COL. SPAULDING FOR SUPERVISOR

POLITICS ON THE GARDEN ISLAND—COL. SPAULDING TALKED OF FOR SUPERVISOR.

LIHUE, May 8.—Col. E. S. Spaulding is being advocated for supervisor from Kaula district.

Deputy Sheriff Hips of Kaula is a candidate to election to that position; as also Henry Blake.

It is not known whether Deputy Sheriff Meheula is a candidate for the Kaula deputyship, but rumor has it that C. K. Haas, the present captain of police will be a candidate.

C. B. Hofgaard has been advocated for auditor.

In accordance with the call for meetings of all Republican precinct clubs on Kaula for the nomination of delegates to be elected to the County convention the various precinct clubs on Kaula met Saturday evening at their regular places of meeting and made nominations as follows:

Second Precinct Club (Kekaha): G. Hansen and O. Omsted from whom two are to be elected.

Third Precinct Club (Waimea): Francis Gay, B. D. Baldwin, W. I. Wells, W. G. Crowell, C. W. Smith, B. J. Rice and J. K. Kapuni, from whom four are to be elected.

Fourth Precinct Club (Elele): W. D. McBryde, S. Hanohano, I. Onokea, K. W. Kinney, Puhelala and J. I. Silva, from whom two will be elected.

Fifth Precinct Club (Koloa): Gay, Lord Wilcox, Judge Kapahee, Henry Spaulding, and Charles Blake, from whom two are to be elected.

Sixth Precinct Club (Lihue): Charles Sweetser, H. D. Wishard, William Ellis, C. W. Spitz, Ralph Wilcox and J. L. Hjorth, from whom six are to be elected.

Seventh Precinct Club (Keala): E. J. Morgan, P. L. Topie, John de Camara and L. K. Kamaoli, from whom four are to be elected.

Eighth Precinct Club (Kilauea): Isaac M. Cox, with one to be elected.

Ninth Precinct Club (Hanalei): J. K. Lota, W. Werner and C. H. Willis, from whom two are to be elected.

The precinct clubs also passed resolutions recommending that the salaries of school teachers be increased to their old amounts before the reduction of a year ago, and requesting Kaula members of the Legislature to work to this end.
